FOREWORD

The Handbook of Industrial Policy and Statistics is an annual publication, which provides comprehensive information on policy and statistics relating to the industrial sector. Maintaining the tradition of its earlier editions, the present edition of the Handbook incorporates inter alia, the latest information on Industrial policy, industrial production, investment scenario, employment and industrial relations, public sector enterprises, trends in prices, and India's foreign trade.

The information for the Handbook has been sourced from various Ministries/Departments of the Government of India and other concerned agencies. Their contribution in providing updated information are gratefully acknowledged.

As in the past, I trust the handbook would be found useful to all users.
