Dated: 4<sup>th</sup> May, 2017

Subject: **Supply of Information under Right to Information Act-2005**

This has reference to your letter no. NE/2016-17/WPI/RTI/MIS dated 11<sup>st</sup> April, 2017, which has been received in this office on 27<sup>th</sup> April-17 from Department of Industrial Policy & Promotion (DIPP), M/o Commerce & Industry vide their letter no. I-11/79/2017-RTI dated 27<sup>th</sup> April, 2017 regarding provide the requisite information on Wholesale Price Index (WPI) of Iron & Semis and Fuel Power for base year 2004-05 and the information are as under:-

Sl.No.	Information Sought	Information Furnished
1 & 2	Kindly provide us basis of the calculation by which the Wholesale Price Index of "Iron and Semis" and "Fuel and Power" are issued by the Ministry of Commerce and Industries.	There is no change in the method of compilation of the index in the revised series. It is calculated on the principle of weighted arithmetic mean, according to the Laspeyres formula, which has a fixed base-year weighting diagram operative through the entire life span of the series. The formula used is: $I = \frac{\sum (li \times Wi)}{\sum Wi}$ Where ∑ represents the summation operation, I= Index Number of wholesale prices of a sub- group/group/major group/All commodities Wi= The weight assigned to the ith item/sub- group/group/major group li= Index of the ith item/sub- group/group/major group
3.	Kindly provide us basis of the calculation by which the Consumer Price Index of the wages of Industrial Workers - All India is issued by the Labour Bureau, Ministry of Labour, New Delhi.	This office has no information regarding this matter.
4 & 5	Any other documents in support of the Wholesale Price Index and show the method by which WPI is fixed.	The item basket of WPI for base year 2004-05 is uploaded on website of Office of the Economic Adviser ( <a href="http://eaindustry.nic.in/home.asp">http://eaindustry.nic.in/home.asp</a> ) and the detailed methodology also can be downloaded from WPI compilation manual in the website of OEA ( <a href="http://www.eaindustry.nic.in">www.eaindustry.nic.in</a> ).

Udyog Bhawan, New Delhi- 110011  
Dated: 7<sup>th</sup> June, 2017Subject: **Supply of Information under Right to Information Act-2005**

This has reference to your RTI application no. Nil dated 30<sup>th</sup> May, 2017, which has been received in this office on 6<sup>th</sup> June-17 regarding provide a Linking Factor of **Wholesale Price Index (base year 2011-12) for the items of Lube Oils (Lubricant Oil), HSD (High Speed Diesel), Cement & Lime and Construction Machinery.**

2. As a matter of policy, the Office of Economic Adviser (OEA) does not prescribe or recommend any particular method to link price index series of different bases to data users. The Office of Economic Adviser has been using the arithmetic conversion method to link WPI series with different bases. Users are free to choose any other method as may be considered appropriate by them. The Office of Economic Adviser does not convert the indices at further disaggregate level, because the difference in the year to year price changes between the two series can be attributed to the differences in weights, difference in item basket, as well as price changes at the group/sub-group levels. The users are requested to satisfy themselves regarding the linking or conversion factor they calculate. The Office of Economic Adviser shall not check/correct/verify any conversion or converted index figures.

3. It is further informed that Office of the Economic Adviser is not a party to any escalation clause and as such cannot give direction for use of any particular item/sub-group/group/formula/linking factor etc. for application in price variation formula. Users may decide themselves the item/group of items in the new basket to be applied in a particular escalation clause depending on nature of item(s) used in construction/project work. The office of the Economic Adviser has no further information to furnish in this regard.

4. The Office of the Economic Adviser has been using the arithmetic conversion method. According to this method, the linking factors for conversion of indices from the base 2011-12 series to the earlier base 2004-05 **up to major group level are as follows:-**

	WPI (Base2004-05) for 2011-12	Linking Factor
All commodities	156.1	1.561
Primary articles	200.3	2.003
Fuel & Power	169.0	1.690
Manufactured Products	139.5	1.395

The requisite information is also available on our official website (<http://eaindustry.nic.in/> uploaded\_files /WPI\_Manual.pdf).

520.

Udyog Bhawan, New Delhi- 110011  
 Dated the 6<sup>th</sup> February, 2018

**Subject:** First RTI appeal received under RTI Act, 2005 from Shri S. Raghavendran, C.I.T Colony, Mylapore, Chennai regarding Wholesale Price Index (base year 2004-05) of Iron & Steel.

Dear Mr. Raghavendran,

This is reference to your RTI appeal dated 3<sup>rd</sup> February, 2018 received in this office on 05/02/2018 regarding classification of "Iron & Steel" in Wholesale Price Index (WPI) 2004-05 series. **It is hereby informed that your RTI application dated 11<sup>th</sup> December, 2017 referred to in your appeal has NOT been received in this Office.**

2. The base year of the All-India Wholesale Price Index [WPI] has been revised from 1993-94=100 to 2004-05=100. The commodity basket has been selected afresh reflecting structural changes in the economy. As such there may not be one to one correspondence between items of the 1993-94=100 to 2004-05=100 series. **The 2004-05 series is effective from August, 2010. Data of the WPI base year: 2004-05 have been provided from April, 2005 in the website: [eaindustry.nic.in](http://eaindustry.nic.in) for the purpose of research and analysis.** Users should keep in mind that movement of price index of the common items may not be similar in the two series because of change of weighting pattern, increase of source agencies, change of specifications and reclassification / regrouping. **Once the WPI on a new base year is released, the earlier base year is discontinued.** For a set of items in the old basket, there may be one-to-one (the common items between the two series given in the website), one-to-many or many-to-one matching items. There may be some cases where the name of the item in old series is not exactly matching with the name in the new series. Similarly of the item should be decided carefully by the users. The users have to decide the items in the new series, which <sup>are</sup> matching with the items of old series.

3. Due to change in the composition of the Basket, there is **no item by the name 'Iron and Steel'** in WPI 2004-05, however, various similar items are included under the group of "Basic Metals, Alloys & Metal Products" of "Manufactured Product" Major Group in WPI (2004-05).

4. The OEA is not a party to any escalation clause and as such can be not give direction for use of any particular item/sub-group/group/formula/linking factor etc. for application in any price variation formula. Users may decide for themselves the item/group of items in the new basket to be applied in a particular escalation clause depending on nature of item(s) used in construction/project work.

5. If, you are not satisfied with this response you may prefer an appeal within 30 days from the date of receipt of this letter. The name and address of the appellate authority is as follows:-

Dated: 6<sup>th</sup> March, 2018

Subject: Application under RTI Act, 2005 received from Shri Karan Singh, Ambala Cantt

Sir,

This has reference to your RTI application dated 26/02/2018 received in this office on 05/03/2018 regarding supply of month wise Wholesale Price Index [base year 2004-05] of 'All Commodities' and 'Fuel & Power' for period of 2010-11, 2011-12, 2012-13, 2013-14, 2014-15, 2015-16 and 2016-17.

2. In this connection, it is intimated that the Wholesale Price Index (WPI) series 2004-05 was effective from August, 2010 and the data of the WPI base year: 2004-05 have also been provided from April, 2005 in the website of this office for the purpose of research and analysis. Further, It may be noted that the Wholesale Price Index should be used from the date of effectiveness [for escalation purposes] i.e. base year 2004-05 from August, 2010 to March, 2017 and the required information is as under:-

Index Numbers of Wholesale Prices  
in India (Base: 2004-05=100)
